

The Compact Automated Immunoanalyzer

Easy to Use

- No startup and minimal maintenance
- Operable by all personnel
- Ready-to-use reagents—just load and go
- Most results in less than 30 minutes

Cost Effective

- Single test reaction strip
- Calibration curve provided for each test
- Each box contains everything needed to run 30 or 60 assays*
- Batch or multiple-assay testing

Reliable

- Excellent CVs
- MTBF** >1,000 days

Target Markets

- Primary Care
- Oncology
- Urology
- Endocrinology
- OB-GYN/Infertility
- Cardiology

Questions to Ask Laboratory Manager

- What type of tests are being run or sent out each month?
- How many Medicare tests are being run or sent out each month?
- If testing, what analyzer is currently being used?

miniVIDAS™ Reagent Rental Plan

- 36-month Reagent Rental Plan, user pays only for reagent kits.
- Instrument provided
- miniVIDAS, service, reagents and calibrators included in cost per test.

Who Qualifies? Any Physician Office That:

- Orders 4 kits (any combination) per month or
- 1 kit of TPSA or NT pro-BNP and 2 of any other kits per month or
- 2 kits of TPSA or NT pro-BNP per month

How the Plan Works:

- Physician signs a 36-month agreement with bioMérieux, Inc. for the miniVIDAS

* To comply with CLIA guidelines, an additional control may need to be ordered

** Mean time between failure
