

Scientific

CxR

Horizontal Centrifuge

Horizontal separation advantages: tighter straight line gel separations to reduce re-spins and re-mixes. Even more than that, the new CxR delivers 1800 G-Force for more complete separation of serum and plasma. Low maintenance features – self contained rotor, quiet operation, brushless no-maintenance motor, simple to operate, set the timer and go!

Advantages

- Low profile Saves Counter Space
- Tight gel line separation
 - easier reads, and reduces re-mixes
- 6 Tube Capacity (accommodates 3-15ml tubes)
- Large 17.5mm x 120mm tube capacity
- Automatic electric brake - stops in 30-45 seconds

Specifications

- Fixed Speed (3400 RPM)
- 1800 G-Force
- Brushless maintenance-free motor
- Lid safety-shutoff switch
- 6 Place rotor includes large and small tube sleeves
- Horizontal Spin Down
- Front Access Timer Control Knob

Controls

- 15 minute mechanical timer
- On/off power switch on back

Warranty

One year

Dimensions

- Height: 8.75"
- Length: 15"
- Width: 13.5"
- Weight: 23.6 lbs
- Height w/ lid open: only 19.75"

Economically priced for reference labs!
