

RAL Immersion Oil

Dropper and Stand

Eliminate messy slides
one drop at a time.

RAL Immersion Oil is a clean, high quality immersion oil with a uniquely designed dropper and stand. This high viscosity oil has glass-like clarity preventing any image distortion.

Benefits

- Open dropper storage allows single-handed application.
- Dispensing valve releases a consistent drop every time.
- Ready-to-use stand saves time.
- High quality immersion oil ensures clear images.
