Examination Table

and Enhancements

# lements

Ergonomic design. It's the term

most often used to describe the finest furniture... the sleekest automobiles... and for the first time, the most noticed and used piece of equipment in your exam room.

Introducing the Ritter 304 Examination Table. And before you ask, yes, it is as soft and comfortable as it looks. The sculptured form-fitting cushion embraces your patients leaving them feeling more relaxed and secure. But that ergonomic design also has you and your staff in mind. Seamless upholstery eliminates areas where dirt and bacteria can accumulate so clean-up is more effective, faster and easier.

Of course, it comes with all the features and accessories you'd expect from a Ritter product... features and accessories that are durable, functional, economical. And to complement its design, six colors... colors that calm and comfort and best of all, coordinate. Choose Iris Blue, Nile Green, Terra Rosa, Royal Lavender, Slate Grey or Sand Grey to add the warmth and inviting atmosphere your exam room deserves.

# 304 & Enhance

## Ritter Best Value Examination Room Casework

The Ritter full line of casework is designed to provide you with what you want and with what you need. Like the Best Value Examination Room Casework. With a pull-out writing surface and both drawer and bulk storage, it's ideal for exam rooms with limited space... and on limited budgets.

## Ritter 193 Physician Stool

The Ritter 193 Physician Stool lets you roll easily in comfort without the fear of tipping. And it's just one of fourteen physician stools designed by Ritter to meet your individual needs.

## Ritter 152 Halogen Light

You need an exam light you can depend on to provide superior, white, shadow-free illumination, while remaining cool to the touch... a compact light that offers the option of maneuverability to make examining your patients easier than ever.

### Ritter 420 Upholstered Side Chair

Available with or without arms, the Ritter 420 Upholstered Side Chair provides comfortable seating for your patients... and matches the rest of your Ritter decor.

### Ritter 135 Biohazardous Waste Receiver

Made of tough polyethylene, the Ritter 135 Biohazardous Waste Receiver accommodates OSHA requirements for waste disposal when used with OSHA approved biohazard bags. A special retaining ring is included to ensure the bag stays in place.

### Ritter 344 Dressing Nook

Give your patients privacy they'll appreciate... and luxury they'll talk about with the Ritter 344 Dressing Nook. When opened, it's a mirrored dressing area with storage for personal items and clothing; closed, it appears as a color-coordinated wall panel.

### Ritter 340 Treatment Cabinet

The Ritter 340 Treatment Cabinet, just one member of the complete family of Ritter stationary and mobile carts, keeps equipment and disposables at your fingertips. Its clinical design ensures convenience... and because the carts are available in any of the six new Ritter colors, they look good, too.

### Ritter 9067 Instrument Panel

The Ritter 9067 Instrument Panel is shown below with the Welch Allyn® Integrated Diagnostic System housing your most commonly used instruments in one convenient location. Available in all six Ritter colors, it's designed to eliminate unsightly hanging cords.

### Ritter M9 UltraClave™ Automatic Sterilizer

The one with the door that opens automatically! Simply load your instruments into its 9" x 15" chamber, select your cycle and the time is set for you. Press "Start" and the M9 fills with the correct amount of water. Once sterilization is complete... the door opens automatically to dissipate steam and dry your instruments. Fast... easy... dependable.

### Ritter 308 Examination Table

For those of you who have special storage needs, consider the Ritter 308. Instead of drawers, you want bulk storage and you need it to be accessible from either side of the table. You've got it... with the Ritter 308 Examination Table.

**Ritter 222 High-Low Power Examination Table**

**Accessibility and Dignity for All Your Patients**

Getting on an exam table can be an anxious, insecure moment, especially for your elderly and special needs patients. The Ritter 222 lowers to 18 inches from the floor, making it easier for your patients to get on the table...without putting excess strain on them, you or your staff.

At 37", in it's highest position, the Ritter 222 also eliminates back strain during examinations.

Please see the Ritter 222 High-Low Power Examination Table literature for details.

**ISO 9001 Certified**
