

Urisys 1100 System

The Roche Diagnostics Urisys 1100 system offers simple operation, an attractive design, improved functions and flexible software options supporting cost-effective, time-saving and standardized, semi-quantitative one-at-a-time evaluation of Combur-Test / Chemstrip urine system test strips.

The leap towards intelligent urine testing.

- Compact and extremely easy to use analyzer for one-at-a-time test strip evaluation
- Immediate automated documentation of results as a printout or online
- Ideal choice for smaller-scale laboratories and doctors' offices
- Measurement of ComburTest® UX high-quality system strips
- Comprehensive interactive training on CD ROM including video clips from setting up to daily maintenance
